Name of branch or working group: HARINGEY

Title: INDIGENOUS LAND BACK MOVEMENTS

Short summary: Land rights are also at the heart of Indigenous Land Back movements, including the struggle for a Free Palestine. Given that fact, we, as a union, should proudly stand in solidarity with those struggles and to name them as our collective struggles.

Expected budget (if any):

Description of proposal: The LRU recognises and stands in solidarity with:

all Indigenous Land Back movements the world over.

This work should be taken forward by a working group and include educational activities for members. The suggestion would be for the No Borders in Housing Working Group to lead on the internationalist work that

we do, including our position on specific struggles such as Uluru Statement from the Heart. There should be collaboration with the education working group to develop political education opportunities. If this does not fit into the remit of either working group, we suggest a new Internationalist working group to make our internationalist solidarity commitments part of our day-to-day work.

Moreover, the LRU will explicitly state this on the LRU website under the menu subheadings “values” and “what we’re fighting for”.

What commitment will this proposal require from different parts of the union? (time, skills, money?)

The time, skills and money required would cover the labour costs and time requirements of an update to the LRU website.

Have any of these requirements been committed by others already? (If so, which ones?) I don't know but judging by the website, it doesn't look like it.
